DID YOU KNOW?

Did you know..... Last year we added 332 new products to our system while only discontinuing 74? Some of these new items were size variations of existing products, but the majority of these are unique products new to our State. These include products like Alaska Distillery Smoked Salmon Vodka, Midnight Moon Carolina Moonshine, Pearl Wedding Cake, Mar Azul Banana Tequila, Dr McGill Apple Pie Schnapps, Pinnacle Atomic Hots Vodka, just to name a few. Size variations include items like Remy Martin Louis XIII in the 50ml size (airplane size) which sells for \$480.00 each. Now that's an expensive shot. We have seen an explosion of flavor varieties in the vodka, rum, and now whiskey categories.

We currently have about 3300 active products in our system. If we continue at our current pace, we will just about double our available variety in 10 years. It has been said that Montana has one of the best varieties of products in the country. We can attribute this, in part, to being a control State and to the great customer service we provide.
